BEI FANG DIM SUM

The Legacy Continues

Hutong has once again reimagined dim sum, traditionally a Southern Chinese delicacy, by infusing it with the bold flavors of Northern China. As innovators, we've incorporated ingredients like lamb, fennel, wild mushrooms, and garlic, bringing the heart of Northern cuisine into every bite. Dim sum, meaning 'touch of heart,' now carries a piece of our chefs' passion to you—a touch of heart from the North.
